Cooperative Finance: A Steady Signal in a Noisy World

In October we celebrate International Credit Union Day! This year's theme is "A Steady Signal in a Noisy World." In a world full of noise, uncertainty and constant change credit unions remain a steady signal: rooted in trust, people and community.

This year we will be celebrating Credit Union Day on Thursday, Oct. 15, 2026, from 10 am to 12 pm at the Bruno Senior Citizen's Friendship Centre.

The Prud'homme office will also be hosting Credit Union Day in their office from 10 am to 12 pm.

There will be coffee, juice, and donuts to enjoy!! Come join us and enter your name for a door prize at each location!

Each year we offer \$700 scholarships to the graduates from Bruno and surrounding area. We ask the candidates to write an essay on what value the Bruno Credit Union is to them and to their communities.

Our winners were Lexi Moritz from Bruno and Abigail VanDerVeen from the surrounding area. Congratulations to them!

e-Transfer and Online Banking Security

Online Banking and e-Transfers let you manage your money and send funds conveniently without needing to visit a branch. Security is a shared responsibility.

Help protect yourself with these steps:

- **Add your mobile number to your e-Transfer profile** - You can receive notifications by both email and text.
- **Set up Autodeposit** - Incoming funds go straight into your chosen account. There's no security question to answer, which reduces risk of phishing. Be sure to sign in to your online banking on a regular basis to ensure your Autodeposit stays active.
- **Verify before you send** - Always double check the recipient's name and contact details. If the person is registered for Autodeposit, their full name will appear when you select from your payees list. Review it carefully before confirming the transfer.
- **Use strong security questions** - Never share the answer through the same channel you used to send the e-Transfer. For example, if you send the transfer to an email address, don't reply with the answer by email. The safest method is always to share it verbally.
- **Keep your devices updated** - Install the latest software and security patches as soon as they become available.
- **Protect your banking login** - Use strong, unique passwords.
- **Stay alert to phishing** - Enable multifactor authentication wherever it is offered (email, online banking, etc.) Never click links or open attachments in unsolicited emails. Delete Suspicious messages immediately. Remember: Interac will never ask for your banking password by email or text.

Taking a few extra moments to follow these practices goes a long way with keeping your money safe. For more information, visit Interac's tips and best practices at:

Wishing the students and staff starting school a wonderful and successful year ahead!
